Web Resources

W3schools
THE reference for web languages
http://www.w3schools.com/

CodeAcademy
Lesson based web development learning - free
https://www.codecademy.com/

Code School
Another lesson based learning for web, not totally free but
higher quality
https://www.codeschool.com/

Adobe Color
Tool for finding and making colors and color schemes that gives
you hex codes and RGB values
https://color.adobe.com/create/color-wheel/

Code Pen
Community for cool things built with web programming.
The equivalent of OpenProcessing for web
http://codepen.io/

Web Assets
Good list of web resources…frameworks…libraries……fonts…everything
web related. Not all inclusive but a good resource to have.
http://web-assets.net/

Web Art Inspiration

Rhizome
http://rhizome.org/?ref=header

Creative Applications
